God's Better Story

Sat 5 November 2022
10am - 3.30pm All Saints
Church

As many of us wrestle with issues of identity, sexuality and gender and are bewildered by the many competing stories we hear, we will be coming together for our 2022 Annual Conference to listen to God's Better Story. First, we will hear a better story concerning our identity: We all want to know who we are. 'Who am I?' is one of the most natural and universally asked questions. But we often forget to ask the more fundamental question, 'How do I find who I am?'. Exploring that question allows us to find a better – indeed, the best – story about identity. Then, we will hear a better story concerning our sexuality and gender. Finally, our seminar options and question and answer session will help us explore the practical implications for both telling and living God's Better Story.
